

HOUSING

Students are responsible for making their own housing arrangements. However, here are a couple of resources that may be useful:

- <https://www.unionrealestate.com/>
 - This site has been used by past international students. Housing opportunities are mainly in the Shadyside, Squirrel Hill and Oakland areas which are close to all UPMC hospitals. It is not hosted by the University of Pittsburgh or UPMC. Review the site's terms carefully and use at your own judgement

- <http://rotatingroom.com/>
 - This site is composed mostly of sublets available from medical students. It is not hosted by the University of Pittsburgh or UPMC. Review the site's terms carefully and use at your own judgement.

- <http://www.ocl.pitt.edu/apartment-sublet-listing>
 - A searchable University of Pittsburgh listing with some short-term housing options. It is not hosted by the University of Pittsburgh or UPMC. Review the site's terms carefully and use at your own judgement

- Check with your Alumni Office for possible contacts in the Pittsburgh area who may wish to house visiting students
